advenient

correct usage of the brand

Do not stack the brandmark on top of the typography

Do not apply gradients inside the brandmark

Brandmark must always be aligned with the typography

In the case of two-toned usage of the logotype, brandmark must never be the color Verdigris

Brandmark must always remain upright

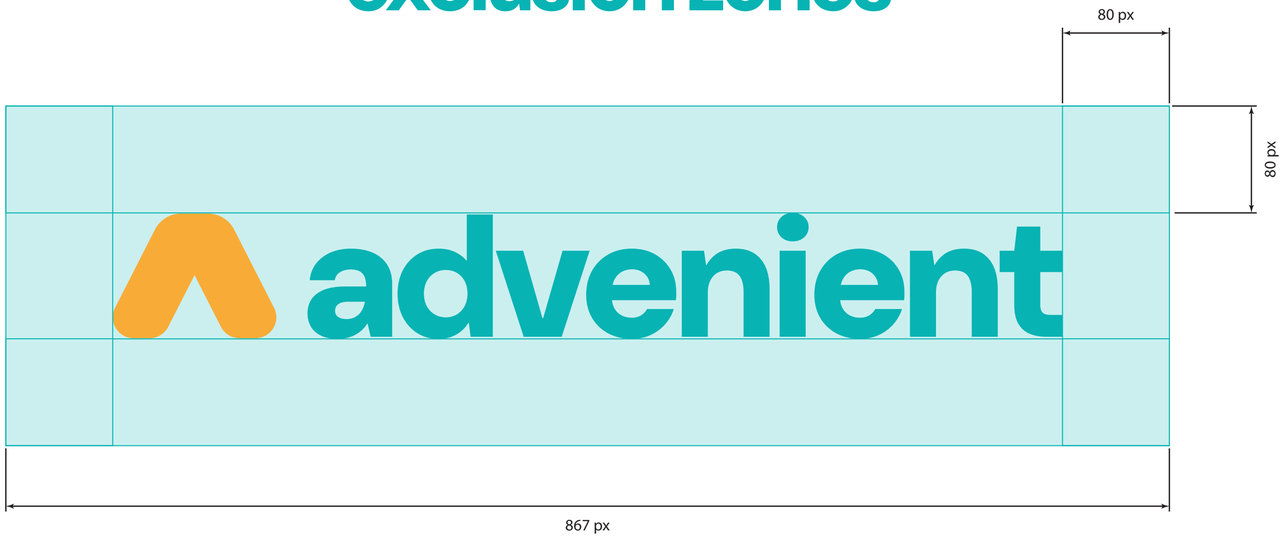

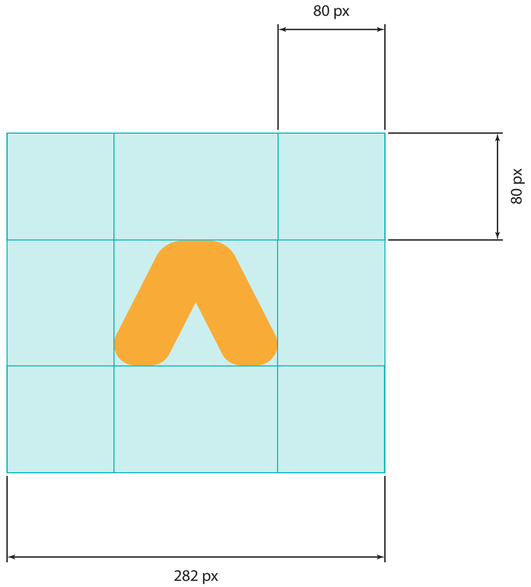

In the case of the secondary logotype, brandmark must be placed at the end of the typography

The logotype must never be stretched or squashed
